#PEBuk**

**What's happening with climate and nature, and what does it mean
for everyday life in the UK?**

**Join us for a screening of the People's Emergency Briefing - an eye-
opening 50-minute film bringing together nine leading UK scientists
and experts with the latest evidence and why it matters for things
like:**

 **Extreme weather**

 **Food security**

 **Health**

 **Cost of living**

**The film is based on the National Emergency Briefing in
Westminster (featured by ITV, Channel 4 and The Times) with
appearances from Chris Packham, Deborah Meaden, and a range of
voices from across the UK.**

**After the film there will be an open discussion about what it means
for our community and what we can do locally.**

**We will be inviting local politicians and are optimistic that they will
join with constituents for this important discussion about our future.
Seats are free but limited so please book in advance.**

**If after booking you are unable to attend, we'd be very grateful if you
could let us know so that we can re-allocate your ticket to someone
